## Pure Relaxation ... Pure Enjoyment

Much has been made of the health benefits of sauna bathing. With good reason. Physically, nothing is more reinvigorating than a deep, healthy sweat every day. Tension fades. Muscles unwind. Mentally, we emerge relaxed, revived and ready for whatever the day may bring.

A few minutes a day is all it takes to look and feel better. The body's response to gentle, persistent heat is well-documented and proven day in and out by people all over the world. Which is why more and more doctors are recommending its purifying benefits.

### Ten key health & wellness benefits:

1. Saunas relieve stress.
2. Saunas relax muscles and soothe aches/pains in both muscles and joints.
3. Saunas flush toxins.
4. Sauna cleanses the skin.
5. Saunas can induce a deeper sleep.
6. Saunas bring about recreational and social benefits.
7. Saunas improve cardiovascular performance.
8. Saunas burn calories.
9. Saunas can help fight illness.
10. Saunas just feel good.

## Feeling Sun Deprived?

Growing world wide research continues to show that Vitamin D is essential for your overall health. The Vitamin D Council recommends moderate sun exposure and use of a tanning bed especially during the winter is an optimal method to obtain your daily Vitamin D.

See us today and tan in your own home with a tanning bed from ESB.

Looking for a gift that will delight the entire family? A hot tub is the perfect answer. Who wouldn't enjoy spending countless hours relaxing in warm water with jets providing a comforting massage. Whether you use your tub to start your day enjoying a warm cup of coffee while balancing your body and mind for the vigorous day ahead of you or enjoy a good soak after a stressful day at work you'll love the many benefits a hot tub provides. Relax while watching the stars at night, enjoy a more restful sleep, spend quality time with your love ones ... the list goes on and on. Young, old and in between all enjoy a good soak in a hot tub. A hot tub is a gift that keeps on giving!!

## Is Your Tub's Cover Costing You Money ?!!

Did you know that the insulating value of your hot tub cover is the biggest factor in minimizing your tubs heating costs? Don't let your hot tub cover run up your energy bill. If your cover weighs about 200 lbs., making it difficult to use your tub, it's time for a new cover. The cover has lost it's insulating value and is costing you more money on your energy bill.

If your cover puddles when it rains that normally means your cover has broken or bowed foam cores. This is a good indication that your cover needs replacement. If the cover's hinge is torn, heat is escaping and that costs you money.

A bad odor coming from the cover, makes enjoying your time in the hot tub far less enjoyable and indicates you need a new cover.

A good cover makes a big difference in your hot tub experience. Give us a call or stop in today to order a replacement cover.
