

Newswaves

swim, exercise, have fun **RELAX**

A Endless pool is a pool and hot tub all in one. Designed to fit even the tightest spaces an Endless pool can be installed indoors or out. Enjoy swimming year round. Improve your health or just have a fun place to relax and unwind after a hard days work.

Swimming comes close to being the perfect exercise because it builds strength and endurance, increases your circulation, tones muscles and does all this without wear and tear on the body. An Endless pool can be the home addition that keeps you and your family fit while having fun together!!

Online: www.poolworld.biz

Make it a routine to check us out

Visit us at www.poolworld.biz for tips on maintaining your pool/hot tub, money saving coupons that change periodically for the various seasons, ideas for fun around the pool/hot tub, and great new recipes weekly to enjoy on the grill. You can make payments on your account, schedule service, request a brochure, see the latest copy of *Newswaves* or download owners manuals on various products.

Why Shock a Pool/Hot Tub?

The purpose of shocking a pool/hot tub is to oxidize materials that have a chlorine demand or form combined chlorine such as ammonia, amino acids, skin, mucus discharge, urine, suntan lotion, hair spray, leaves, grass and other organic material. Shocking prevents the formation of chloramines which are less effective disinfectants, the cause of eye burn and obnoxious odors. We recommend shocking a pool/spa once a week and whenever your chlorine test shows combined chlorine.

Time for a new Hot Tub Cover?

If your hot tub cover is heavy and hard to remove, it's not only making it hard to use your tub but it is costing you money because it's lost its insulating value and it's time to replace it.

Reasons to Insist on a quality Cover

1. Steel Reinforcement for extra foam strength.
2. Tapered Foam Core.
3. Vapor Seal Wrap to help prevent mildew.
4. Energy Efficient Foam Cores.
5. Reinforced Tie-Down Straps.
6. Double stitching on cover for extra strength.
7. Marine Grade Vinyl.

Better Health ... The Easy Way

For good health, practice good eating habits, exercise and use a sauna as part of your daily routine. It's a great way to make huge gains in your personal wellness. Burn calories, sweat out toxins, boost your immune system, enhance your blood circulation and relax your muscles. A sauna can help you improve your skin tone, increase collagen production and enhance your endurance performance. All of this in just 20 minutes or so a day and all while you sit and relax. What better way to achieve good health! Come in and check out Pool World's selection of quality Finnleo Saunas. For more information visit www.finnleo.com.

Floor Model Special Savings

Take advantage of fantastic savings on all floor model units. We've got the sauna's priced to move. Prices can't be listed, see sales associate for details. Hurry, offer limited to stock on display.

Basic Pool Care

is as Simple as

**Free
Water
Testing**

Keeping your pool sparkling clear can be as easy. Here are a few simple things that need to be done on a routine basis.

1. Circulate the pool at least 10-12 hours per day to maximize your sanitizer's efficiency. The more the water is in motion, the harder it is for bacteria to take hold.
2. Make sure your filter is working effectively so that it removes both visible debris and microscopic matter. Chemically clean the filter to remove oils and deeply embedded debris approximately every 6 weeks or at least twice a season.
3. Clean your pool weekly. Brush and vacuum the walls and floor. Even if you have an automatic vacuum it is important to brush the pool or employ a pool service for weekly care. Check your pool's skimmer and pump baskets and empty debris as needed to assure proper circulation.
4. Maintain proper water care parameters and water chemistry. Test the pool weekly for pH and sanitizer levels and make sure you bring in a water sample every 4 to 6 weeks during the season to make sure the water is balanced properly to protect your pool's finish and keep your swimmers comfortable. Treat and adjust the water balance as needed.

Service Spot

Pool Openings, equipment repair, plumbing repair, professional instruction on pool/hot tub care, weekly maintenance service ... our trained professionals are here to help you with expert service and advice for your pool/hot tub.

For Service call:
